

Eline Stax

FRONT-END DEVELOPER
3D & BRAND DESIGNER

setbyeline@gmail.com

06 15164383

Helmond, Noord-Brabant

My passion for creativity began at a young age. What started with drawing, painting, and making things, grew into my greatest drive: bringing visual ideas to life. I ultimately transformed that passion into my work. Today, I focus on clean, modern, and purposeful digital design. I create 3D visuals, front-end websites, branding, and graphic design that strengthen brands and exude professionalism. My style is simple, clean, and creative, just like me.
